

PREFAB HOUSING

**A DESIGN HOUSE
SPECIALISING IN
MATERIAL
APPLICATION,
PRODUCT
ENGINEERING &
SOLUTIONS.**

The design house operates from Rajkot where it's studio and manufacturing units are located.

Known for its meticulous detailing and an established history in the FRP Architectural Elements, EPP's experienced designers, technical specialists & craftsmen unite their skills to conceive, develop and manufacture design that is relevant.

In addition to the design services it offers, EPP's in-house brands operate across the design spheres of Landscape Furniture & Accents, Accessories & Objet and Crafted Surfaces.

ESTABLISHED IN
1986.

As a design and manufacturing service, the company has evolved into a design house that provides clients with specialised services from concept generation to logistics and delivery. Spearheaded by the desire to influence the design process at a more meaningful level, EPP's services have developed to provide clients with product engineering services that provide viable design solutions in addition to an established manufacturing service.

MANUFACTURING EXPERTISE.

EPP, employs directly and indirectly over 1500 craftsmen and staff, and is structured with departments of Design Engineering, Sampling and Production, which includes separate areas for Composites & Metal.

The quality control department is committed to checking every single piece that moves out of the factory resulting in products that are well produced, finished and packed. The Shipping department looks after overall logistics with the Merchandising department co-ordinating across departments.

The factory has a floor space of 5,00,000 sqft, based out-of Rajkot City in Gujarat State with branches PAN India.

The factory complies with all environmental and social compliance norms.
