Roof Sheet

# Roof Sheet

EPP roof sheets are known for assured quality statement matching perfect corrugations. It gives options in opacity & are available in Natural, White as well as in Various Elegant Colours suiting your ambience. EPP Roof Sheets are used along with Asbestos Cemented, Galvanized or Industrial corrugated roof sheets to reduce their limitation in Opacity by allowing uniformly diffused light. EPP's Roof sheets provide options of colours, opacity, sizes and corrugations.

EPP's highly equipped sophisticated manufacturing facilities enable us to furnish large orders at short notice & tough Quality Checking Standards assure you the best product.

	Light Transmission	AC Corrugation	Ind Corrugation	Flat Sheet
		Size (in M)	Size (in M)	Size (in M)
Translucent	87% to 90% at the height of 40 ft & above	1.00 x 1.00	1.00 x 1.00	Customized
		1.00 x 1.50	1.00 x 1.50	
		1.00 x 2.00	1.00 x 2.00	
Coloured	60% to 70%	1.00 x 2.50	1.00 x 2.50	
		1.00 x 3.00	1.00 x 3.00	
		1.00 x 3.65	1.00 x 3.65	

In addition to the standard corrugations, customized roofing sheet profiles, roofing accessories i.e. different types of gutters, hoods, ridges etc. available as per your roofing need.

## Features

- These roof sheets reduce intensity of sun rays, disperse & allow pleasant uniformly diffused light through the area.
- All roof sheets work as protective shield from UV rays for your covered area and covered entities.
- Though it is light weight, Fiber Reinforced Plastic makes it strong and water resistant.

## Applications
